

APRIL MORGAN

MARKETING COORDINATOR

Jacksonville Office

Hi there! My name is April Morgan and I am a Marketing Coordinator here at Suncoast Property Management. I've been with the company for almost a year, helping investors stay informed about market trends and creating strategic marketing campaigns to successfully lease their properties.

Before joining Suncoast, I spent several years working in marketing across a variety of industries, including agriculture and now real estate. That diverse experience has given me a well-rounded perspective and a passion for creating marketing strategies that deliver results.

Outside of work, I enjoy spending time with family and friends, traveling, and making the most of new experiences.
