

FRANCESCA MARTINEZ

MARKETING COORDINATOR

Jacksonville Office

Hola! Fran here.

I joined the Suncoast Marketing Team in April 2024.

To say it has been two years already is mind blowing because I have learned so much and one thing that is always an effortless, non-negotiable for me is to bring a sense of family to any new space that I step into. Coming from a leasing / property management background for 5 years, it has always been special for me to create connections with people and treat them like they matter more than a just business standpoint.

Speaking to my investors is more than just data talk, it is transparent, real and as I always remind them, we are in this journey together until we reach the winning finish line.

My everyday pleasures are discovering new music, writing, loving on my fur babies, and embracing the simple beauties of life.

Thank you for your trust, support, and being open-minded during our time together, even when the road gets a little bumpy.
