

CHRISTYNA SKARUPPA

MARKETING COORDINATOR

Jacksonville Office

Hi! I'm Christyna Skaruppa, but everyone calls me Tina!

I joined the Suncoast team in September 2026 right after graduating with a degree in Advertising from the University of North Florida (UNF). My prior experience in creative and technical marketing, brand strategy, and customer service has shaped my passion and abilities to deliver a unique experience for all owners and contribute quality work and results to the team!

I love connecting with investors on both a personal and professional level, and I'm always ready to support them every step of the way. Even in hard times, there's always a light at the end of the tunnel, and I will be there to help!

Outside of my profession, my absolute joys in life are playing video games, going to concerts, creating new things, and spending time with my husband and kitty!

You can reach out to me for anything you need. I will always be a call, email, or text away!
